

High Quality die-cast aluminium LED bulb lights

These high-quality bulb lights features die-cast aluminium bodies with extremely good heat dissipation due to the large surface area created by the multiple aluminium fins as can be seen from the images. This allows for a cooler running LED light ensuring a longer lifespan for both the LEDs and driver.

Specifications

Voltage:	85-265V
Power:	5W/7W/9W/12W/15W
Power Factor:	0.95
Colour Temperature:	4000K - 6500K
Color Rendering Index:	>80
Lifespan:	50,000 hours
LEDs:	Taiwanese Epistar 5730 chips
Brightness:	100Lm/W
IP Rating:	IP40
Material:	Die-cast aluminium and high-end frosted PVC cover
Base:	E27
Warranty:	3 years

Constant Current driver with surge protection:

Dimensions:

7W9W	Φ58H125MM
12W	Φ70H140MM
15W	Φ80H140MM
